Agrarian program, Communist, China---------- 139–140
Agricultural—
  collaboration in the middle east. Afif I. Tannous---- 69–72
  commodities—
    Argentina—
      exports, percentages of world total, 1936–40------ 26
      trade—
        future prospects---------- 32
        types of governmental restrictions, purpose----- 25–32
    Brazil, loans by Bank of Brazil, 1938–39 to 1944----- 36
    Canada, exports, 1935–39, 1944–46---------- 20, 21
  cooperatives—
    China, encouragement---------- 137–138
    credit, Brazil, purpose---------- 44
  development in Ceylon. Malcolm Park---------- 81–83
  education, China---------- 135
  export policy, Canada's wartime. Frank Shefrin------ 18–24
  exports, Denmark's postwar trade. Karen J. Friedmann ---------- 45–48
  extension, China---------- 134–135, 138
  improvement, China—
    Government measures---------- 133–138
    program. Raymond T. Moyer---------- 130–140
  production—
    Brazil—
      conditions for obtaining loans, Bank of Brazil----- 36–39
      credit loans, Bank of State of São Paulo, 1935–44-- 40
      merchant credit, method of obtaining---------- 43–44
      price-support loans---------- 44–45
      systems of credit, Bank of State of São Paulo----- 39–42
    Mexico—
      goals ---------- 163–164
      index, 1910–46---------- 106
  products—
    Austria, outturn in specified regions---------- 53–55
    Canada, exports—
      agreements with United Kingdom, 1939–48------ 21, 22, 23, 24
      Government control boards---------- 18–19
      purposes of control---------- 19
      wartime markets---------- 20–21
    China—
      marketing methods---------- 131
      uniform standards adopted---------- 137
    Denmark—
      exports, volume---------- 48
      trade outlook---------- 47–48
    Middle East, kinds produced and exported--------- 70
  programs, China—
    background ---------- 130
    evaluation---------- 138
  reform, Mexico, outlook---------- 168
  regions, Belgium, characteristics and land use-------- 90–94
  research, programs, China---------- 133–134
Agricultural—Continued
  trade—
    Page
    Argentina's foreign policy. Oscar K. Moore------- 25–32
    China—
      factors affecting outlook---------- 103–104
      importance, to United States---------- 99
      national policies affecting. A. B. Lewis-------- 99–104
    Mexico, Government policy---------- 165–168
Agriculture—
  Austrian. F. S. Straus---------- 50–64
  Belgium—
    area ---------- 90
    Government policy---------- 98
    Louise E. Butt---------- 90–98
  Brazil—
    economic pattern---------- 34–36
    improvement possibilities ---------- 15–16
    population ---------- 14
    trends. Kenneth Wernimont---------- 14–16
  Ceylon—
    dry-zone development---------- 81–82
    physical features---------- 81
    plans for development by Department of Agriculture- 82–83
    plantation industries---------- 81
  China, diversity---------- 130
  Japan, Hokkaido Prefecture---------- 121–122
  Middle East—
    development, importance---------- 70–71
    place in rural life---------- 70, 71
  Truk Islands—
    effect of the war on---------- 80–81
    Karl J. Pelzer---------- 74–81
Apples, Canada, exports 1935–39, 1944–46---------- 21
Argentina—
  agricultural commodities—
    exports as percentages of world exports 1936–40---- 26
    trade—
      governmental restrictions, types---------- 25–32
      future prospects---------- 32
  foreign agricultural-trade policy. Oscar K. Moore--- 25–32
  trade—
    corn, Government price regulation---------- 26, 27
    Institute for Promotion of, purpose and functions--- 31–32
    meat, agreements with United Kingdom---------- 30–31
    oilseeds, Government price regulations---------- 26, 29–30
    Promotion Corporation, purpose and functions------ 31
    wheat, Government price regulations---------- 26, 27–29
Austria—
  agricultural production, by regions---------- 53–55
  agriculture. F. S. Straus---------- 50–64
  area and population---------- 50
  climate, variations---------- 51
  crops, acreage, production, and yield---------- 53–55, 60–62
  farmers, market dependence for gross income-------- 57–58

Austria—Continued
farms— Page
labor requirements 56
machines, types and number 56
number, types, and sizes 55–56
fertilizer, plant-nutrient consumption per acre of fertilizable area, 1922–36 56, 57
food—
per capita consumption, with comparisons, 1933–37 63–64
prewar balance, 1933–38 60–63
self-sufficiency, percentage 59–60
geographical features and location 50–51
land, uses 51–53, 54, 55
livestock, kinds raised, number, and use 58–59
map—
reference, with occupation and agricultural zones 52
showing zones of occupation and land use 57
soils, types in different areas 51
wine and beer, production and consumption 63

Bacon—
Canada, export agreement with United Kingdom 22, 23, 24
Denmark, prewar and postwar exports 47
Bananas, Mexico—
disappearance, per capita, 1935–46 114
exports, 1935–46 108, 112
production 108, 110
tax on exports, 1943–45 166
trade, control of exports through subsidies 167
See also Plantains.
Beans—
black, retail prices at Mexico City, 1943–45 165
dried, wartime subsidies, Canada 119
Mexico—
acreage, 1935–45 107, 163
disappearance, 1925–46 109, 114
imports and exports, 1925–46 109
map, showing production distribution, 1945 110
production 106, 107, 109, 163
time of planting and harvesting 108
Beef—
Canada—
export agreements with United Kingdom 22, 23, 24
exports, 1935–39, 1944–46 20, 21
cattle, export tax, Mexico, 1943–45 166
exports, Denmark, prewar and postwar 47
trimmings, retail prices, Mexico City, 1943–45 165
Beefsteak, retail prices, Mexico City, 1943–45 165
Belgian agriculture. Louise E. Butt 90–98
Belgium—
agricultural regions, purpose and characteristics 90–93
agriculture—
area 90
Government policy 98
climate 90
crops—
acreage, by Provinces, 1936–38 93
pattern of land use 93–94
fertilizers, types and uses 95–96
foodstuffs—
imports 97
production 97–98
geographical features 90

Belgium—Continued Page
livestock—
industry 94–95
numbers, by Provinces, 1936–38 94
map, reference 91
Berries, Canadian wartime subsidies 118
Brazil—
agricultural—
commodities, loans by Bank of Brazil, 1938–44 36
credit cooperatives, purpose 44
production—
conditions for loans by Bank of Brazil 36–39
credit loans and system, Bank, State of São Paulo 39–42
merchant credit, system 43–44
price-support loans 44–45
agriculture—
economic pattern 34–36
improvements, aspects 15–16
population engaged in 14
trends. Kenneth Wernimont 14–16
commercial bank loans, types and system for granting 42–43
cotton, Government loan rate, specified years 44
crops, production, 1935–39, 1945–46 34
farm-mortgage loans—
by Bank of Brazil, purpose 39
by Bank, State of São Paulo, 1935–44 41–42
Federal Center for Agricultural Education and Research at Kilometer 47 16
food problem, Government policy regarding 14–15
livestock—
conditions for obtaining loans, Bank, State of São Paulo 40
number on farms and slaughtered, 1935–39, 1945–46 35
loans, number, by Bank of Brazil, by size, 1938–40 37
meat, production, 1935–39, 1945–46 35
Brazilian farm credit. Henry W. Spielman 35–45
Breadfruit trees, Truk Islands, products and uses 77–78
Britain. *See* England and Wales.
British Estate Enclosure Acts 141
Bulgaria. *See* Danubian countries.
BUTT, LOUISE E.: Belgian Agriculture 90–98
Butter, exports from—
Canada, 1935–39, 1944–46 21
Denmark, prewar and postwar 47

Canada—
agricultural products—
export agreements with United Kingdom, 1939–48 21, 22, 23, 24
exports—
Government-Board control 18–19
purposes of control 19
volume, 1935–46 20, 21
wartime markets 20–21
farm—
aid programs. Frank Shefrin 115–121
products, value of exports and shipments to United Kingdom by various Boards, 1939–45 21
Rehabilitation—
Act 143–144
policy. Mary E. Long 143–144
restoration 143
Government agricultural policy, postwar 120–121
